**Eligible Customers May Apply for Additional NIPSCO Energy Assistance Programs as of Oct. 1**

**MERRILLVILLE, Ind.** – Northern Indiana Public Service Company LLC (“NIPSCO”) announced today that additional energy assistance programs are now open for enrollment to income-eligible customers struggling to pay their gas utility bills.

Available programs include NIPSCO Hardship, SERV (Supply Energy Resources to Veterans) and SILVER (Seniors in Indiana Low-Income and Vulnerable Energy Resources). Eligible customers can apply through May 31, 2026, or until funds are exhausted. Programs provide a one-time benefit of up to \$550 per year to help cover NIPSCO residential gas utility bills.

As the weather gets colder, customers using natural gas to heat their homes and businesses typically increase their usage from November-March compared to other seasons. Usage makes up the largest portion of the average energy bill.

“It’s important for customers to be prepared for the winter heating season,” said Vince Parisi, NIPSCO President and Chief Operating Officer. “We encourage customers to explore the energy assistance programs available, which are there to help our most vulnerable community members stay safe and warm throughout the season.”

**NIPSCO Hardship Program**

The NIPSCO Hardship Program assists customers whose income is just above the federal poverty guidelines for the Low-Income Home Energy Assistance Program (LIHEAP). This program provides gas bill assistance to households with income levels between 151% and 250% of the federal poverty level. Hardship funds are distributed through local Community Action Agencies, which also manage LIHEAP assistance. **SILVER and SERV**

SERV is an income-eligible assistance program designed to support active military members and eligible veterans who need financial help with their gas utility bills. To qualify, customers must be active members of the United States Armed Forces or honorably discharged veterans with a past-due NIPSCO residential gas account.

SILVER is an income-eligible program available to NIPSCO senior customers aged 60 and older who require assistance with their gas utility charges.
